GLIDE

GLIDE

We offer almost limitless customisation.

Everyone has unique needs, different mobility challenges, and personal comfort preferences. Glide understands that there is no one-size-fits-all solution.

Our mission is to make it easier to prescribe and order a chair that is tailored to optimise comfort, safety and mobility. As an Australian manufacturer with over 40 years' experience, we have built a reputation of trust by consistently delivering quality workmanship and meticulous service. We are a registered NDIS provider and in 1993, became the first Australian wheelchair manufacturer to achieve ISO 9001 Quality Assurance accreditation.

We have built a reputation for quality workmanship and meticulous service.

Since the 1970s, our customers have trusted our expertly tailored and solidly constructed wheelchairs for mobility, utility, and comfort.

As Glide moves into the next decade, we will continue to innovate and maintain our benchmark as Australia's leading manufacturer of scripted wheelchairs.
